In using the Platform, you agree that you are aware of and acknowledge that creating a transaction listing in the Platform does not immediately guarantee or result in an automatic fulfillment of the users' transaction requests.
- (b) If a transaction expires without being matched, any transaction fees paid by the user will be refunded to the user in full (excluding any charges that may be levied by your bank or credit card company).
- (c) All transaction requests (listing and matching) require the review and approval of MG or such persons as may be required by the regulators. At times, due to the high volume of transaction requests or the nature of a transaction, MG may take longer than usual to complete the review and approval process. As such, users acknowledge and should expect time lags when submitting requests via the Platform.
- (d) Any transaction fees paid for transaction requests that are subsequently not approved by MG will be refunded back to the user in full (excluding any charges that may be levied by your bank or credit card company).

- (a) If the option of "Market Rate" is chosen, the exchange rate to be used for currency conversion will be locked in at the point of a match being duly approved by MG.

If MG chooses to cancel the transaction, there will be no refund of fees collected (if any) to the user with the suspected counterfeited / damaged / mutilated currency.

If the "Delivery" option is selected by the user, the user shall provide the complete and accurate delivery address. Whilst MG will take reasonable precautions to ensure the safe and timely delivery of the monies, MG shall not be liable for any loss or discrepancies in the amount of monies received by the user. Any funds received by MG from a bank account that is not registered with MG will be considered unpaid by the respective user and the funds received may be returned to the bank account (and all costs incurred shall be borne by the respective user) or may be held by MG should the transaction be deemed as suspicious which would require further escalation to the regulators.
- (b) It is the sole responsibility of a user to ensure that he/she/it makes the correct payment amounts to the correct bank account(s) of MG. MG is not liable for any losses or damages suffered by users as a result of incorrect payments performed by users.
- (c) Any shortage of payments received by MG from a user (including where such shortage is due to bank charges being levied on the transfer by the user to MG) will result in transactions not being completed by the user within the required timeline and would therefore result in forfeiture of any service fees paid by the users and a possible downgrade of their user ranking.
- (d) Any excess payments to MG will be held in MG's segregated bank account(s) marked as "*Customer Funds*". No interest shall be payable on any excess funds held in its account.
